Professional Summary

Computer Science undergraduate with strong foundations in Data Structures and Algorithms, Object-Oriented Programming, DBMS, Operating Systems. Proficient in C++ and SQL with experience in developing software applications and solving real-world problems through academic and personal projects. Strong analytical, problem-solving, and teamwork skills developed through technical projects and leadership experiences.

Education

Siddaganga Institute of Technology, Tumakuru

2023 – Present

Bachelor of Engineering in Computer Science and Engineering
CGPA: 8.23

Nalanda Academy, Kota

2021 – 2023

Class XII (PCM) – 70.3%

Technical Skills

Programming Languages: C++, SQL, C

Core Computer Science: Data Structures & Algorithms, Object-Oriented Programming, DBMS, Operating Systems

Cloud & Databases: Google Cloud Platform (BigQuery, Cloud Functions), MySQL

Tools: Git, GitHub, VS Code

Development: HTML, CSS, TailwindCSS, React.js, Next.js

Soft Skills: Communication, Team work, Adaptability

Projects

AAPDA – Disaster Information Extractor from Tweets

2025

Python, Google Cloud, BigQuery

🐙 Repository

- Developed a system to process and categorize disaster-related social media data.
- Performed data cleaning and preprocessing to identify relevant disaster information.
- Utilized cloud services for storing and managing processed data.
- Created dashboards for visualizing disaster-related insights and trends.

Horizon – Financial SaaS Platform for Multi-Bank Integration

2026

Next.js, TypeScript, Appwrite, Plaid, Dwolla

🐙 Repository

- Built a scalable financial platform with multi-bank account aggregation using Plaid APIs.
- Implemented secure user authentication and role-based authorization with Appwrite.
- Designed a validated fund transfer system integrated with Dwolla for secure transactions.
- Developed analytics dashboards, reducing manual financial tracking effort by over 60%.

Certifications

- Basics of Cloud Computing with AWS, Azure and GCP Tools (*Udemy*)
- AWS From Zero to Hero – The Complete Guide (*Udemy*)
- Learn Programming and Problem Solving using C++ (*CodeChef*)
- Nutanix Certified Associate 6 (*Nutanix*)
